

Reliable Connections for Beverage Systems

Beverage Dispensing
Frozen Beverage Systems
Hot Beverage Systems
Beer Pumps
Ice Makers

Beverage Systems

Beverage systems require reliable, leak-proof hose connections.

Oetiker provides customers with the peace of mind that their connecting components are slim, lightweight and easy to install, while ensuring reliable installation.

Pioneering reliable fastening components for over 75 years, Oetiker designs, tests and delivers high quality connecting and assembly solutions that are simpler and smarter than ever before. We are the trusted, long-term partner for beverage companies worldwide.

Global Customer Support

For all Phases of Development

Application Consultation

- Over 30 years experience in Beverage industry
- State-of-the-art installation and removal tools
- World class reputation
- Best-in-class consulting

Customer Collaboration

- Customer Service & order tracking
- Large inventory options available
- On-site technical support

Local Engineering

- Installation and removal tool recommendations
- Assembly validation
- Field support available

Production

- Made in the USA
- Latest production technology
- Best-in-class quality

Support

- Local customer support
- Distributor marketing support available
- Distributor programs available
- Onsite and online training

GLOBAL FOOTPRINT AND LONG-TERM COMMITMENT

With 13 manufacturing facilities worldwide producing more than two billion connections per year in over 30 countries, more than 50 million connections come from beverage applications. Oetiker is the trusted, global, long-term partner of the world's leading beverage companies.

BEVERAGE CONNECTIONS

StepLess® Ear Clamps 167

Stainless steel
6.5 – 120.5 mm

Narrow band: concentrates transmission of clamping force

360° StepLess®: uniform compression and surface pressure

Beverage Clamp Kit

Item No. 1850075

Kit contains various sizes of StepLess® Ear Clamps 167 and one installation pincer.

Qty.	Description	Item no.
50 ea.	8.7 mm	16700003
50 ea.	10.5 mm	16700006

PEACE OF MIND FROM RELIABLE CONNECTIONS

Oetiker's dedicated local engineer teams make full installation and removal tool recommendations, ensuring Beverage connections have the right tool for efficient and effective installations every time. These tools are locally stocked and always available.

ASSEMBLY & DISSASSEMBLY TOOLS

Compound Action Pincers

Manual Assembly Tools for installation of Oetiker Products

Compound and single action

Lighter jaw head on pincer tools for better tool balance

Ergonomics grip for better hand comfort and power when closing

More robust jaw pivots for increased durability

Available with standard and side jaw

Item No.	Jaw Type	Handle
14100496	Standard	Straight
14100498	Side	Straight

Single Action Pincers

Manual Assembly Tools for installation of Oetiker products.

Superior strength and high closing force

Economic design

Available with standard and side jaw

Item No.	Jaw Type	Handle
14100396	Standard	Standard
14100446	Side	Standard

Pneumatic Pincers

For high-volume assembly of Ear Clamps

Highly efficient

Process reliable

Closure verification

Ergonomic pistol grip (optional)

Cordless Pincers

For Ear Clamps Oetiker Cordless Pincer CP 10

Efficient, uniform and repeatable assembly

Lightweight, long lasting battery and ergonomic design

Hand Clamp Cutter

Specially designed to remove clamps utilizing the "No-Crimp™" jaws

Quick and easy clamp removal

Safest method of clamp removal

Straight soft grip handles

Item No.
14100519

Pro Spec Hand Tube Cutter

Recommended for cutting of PEX, PE-RT, Poly tubing, HDPE up to 1"

Replaceable v-shaped hollow ground blade

Blade safely stores in jaws when locked

Soft molded, spring loaded handles

Thumb actuated lock

Item No.
14100504

Clamp & Ring
